FIRE ALARM AND DETECTION SYSTEM

The Sumner County Board of Education, herein known as "School System", is soliciting bids for the replacement of the fire alarm systems at Beech High and Beech High

DESCRIPTION OF WORK

Extent of fire alarm and detection system shall be as described in this specification and as required by code requirements. The contractor and equipment supplier shall review all specifications completely and be familiar with the requirements. All required components to cause operation of the system as specified shall be supplied and installed.

The system described in these specifications shall use digital transmissions between the CPU/transponder and the peripheral devices. Systems using ~~analog~~ digital technology as the principal means of supervision will not be considered as meeting the requirements of this specification. Analogue supervision of signaling devices and ~~analog~~ digital devices such as tamper ~~switches~~ and flow switches is acceptable.

The system shall conform to all applicable sections of the NFPA including, but not limited to, Sec 72-A,B,C,D,E,F and the Life Safety Code section 101, the National Electrical Code (NEC), Standard Building Codes, ~~local codes~~ UL wiring criteria, Americans with Disabilities Act (~~ADA~~) the directions of the State Fire Marshall.

The fire alarm contractor must be certified in accordance with Tennessee Alarm Contractors Licensing Act of 1991, TCA Title 62, Chapter 32.

SUBMITALS

ACCEPTABLE MANUFACTURERS

WARRANTY

The equipment and wiring shall be warranted to be free from electrical and mechanical defects for a period of one (1) year commencing with start and the School System's beneficial use of the entire system. Warranty shall include labor, travel time, and parts.
